PRODUCT FEATURES

PVC Edgebanding
Techline edgebanding is of the highest quality PVC. For all standard laminate finishes, the edgebanding will perfectly match all surfaces.

Matching Interior Surfaces
Interior surfaces match exterior surfaces for a consistent appearance. Each cabinet is totally finished for maximum flexibility.

Shelves
Cabinet shelves are 3/4" thick and sealed completely on all sides with PVC edging.

Hinges
Hinges are Blum 120-degree, six-way adjustable to maintain consistent and equal spacing between doors.

Full-Extension Glides
Drawers have full extension, over-travel glides. Allow for full access to interior space of the drawer.

File Management System
All designated file drawers have an integrated, metal hanging file system to allow for front-to-back or side-to-side filing.

Locks
Single and gang locks are available with keyed alike or keyed random options. Cores are interchangeable as personnel changes.
