

a homebase for work and homework...
a hideout for mail and bills...
a space to surf...
a port for vacation pics and plans...
a fortress for your finances...
with plenty of room to stretch your legs.

Home Office

A home office from ORG helps you manage the details of your busy life—from daily paperwork and schedules to monthly bills and annual plans and records.

Enjoy the beauty of clean, crisp, simple lines. The design profile of this system and coordinated finishes match your home's unique style. Cabinets hide stacks of paper while worktools diminish clutter from your desk. Credenza and shelves keep your printer and supplies out of the way yet within easy reach. Wire trays eliminate cord and cable clutter to keep your desktop clean, and your focus clear.

Is an executive retreat more your style? Traditional profiles, wood grains and hardware options provide classic aesthetics to complement your home décor. The generous worksurface of your tailored desk makes it easy to review reports and report cards, plan your next business trip, or organize your vacation photos. Lighting brightens a dark corner and illuminates your tools and treasures. Shallow drawers store personal stationery and full-suspension, deep drawers provide easy access to files and records.

Home Office

Transform a sleepy corner into a warm and inviting workspace. With cabinets and shelves, stagnant walls become well-organized storage for books, binders, photo albums, crafts and more. Lower cabinets with sturdy drawers hold files and paperwork, and the cupboard hides bulky briefcases and laptop luggage. Wrap-around surface supports your family's online and on-paper activities.

Place your ORG custom home office in a den or spare bedroom to minimize the space needed and maximize your family's use. Organize once with ORG, work more efficiently forever.

ORG offers a complete line of home organization solutions for closets, pantries, basements, laundry rooms, garages, home offices and more. Fully trained and authorized ORG dealers provide design services, organization advice and professional installation. Visit www.homeorg.com for more information.
